Back To The 80's

Back in the Ronald Reagan days
When we put satellites in space
When boys wore skinny leather ties
Like Don Johnson from Miami Vice

When M & M was just a snack
And Arnie told us: "I'll be back"
Back when the coolest thing in store
Was a Commodore 64

Back to the 80's - Back to Soap
Back to Rocky and Cherry Coke
Those were the days - And we go
Back to the 80's - and hey there Mr. T
To Twisted Sisters on MTV
Those were the days

Oh Come back - To Iron Maiden and 7-Up
Bananarama and Breakfast Club
- Oh Come back

When Huey Lewis was the news
And we went flying with Tom Cruise
When shoulderpads and looking tough
Was the dirty David Hasselhoff
Too many men with heavy make-up on
Too many poodles with guitars
Thanks for all the joy you've given us
You will always be our superstars

Back to the 80's.....And Ferris Bueller

Hurray for Cosby and Rubics Cube
Hurray for Dynasty and Moon Boots
Hurray for Devo - and bubble curls
Hurray for Poltergeist and Barbie girls

My Mamma Said

We dreamed a dream - woke up and lived it
We had the music in our hands
The drops of rain - became a river
And now it's time to end this dance
- So thank you

My mamma said that best thing in life
Was getting me
And loving somebody higher than anything
Else in this world, baby
My mamma said that she would give her
Life up for me

My mamma said that the worst thing in life
Is getting used
To loving somebody higher than anything
Else in this world, baby
Knowing your going to
Knowing your going to - lose it all

Mamma don't leave - don't go
Don't run - don't hide - don't cry
Don't ever feel scared now
Mamma just crossed just crossed
To the parallel world
She crossed she crossed to the multiverse
Circling protons - all vibrations
Circling neutrons - all vibrations
Mamma just crossed just crossed
To the parallel world
She crossed she crossed to the multiverse
And now your lying there - taking your last breath
I'm holding back the tears - Oh mamma don't die

My mamma said....

Mamma hold on - give in - let go
Release yourself from everything out there
Mamma just crossed just crossed
To the parallel world
She crossed she crossed to the multiverse
Circling electrons - all vibrations
Circling electrons - all vibrations
Mamma just crossed just crossed
To the parallel world
She crossed she crossed to the multiverse

And now your lying there - taking your last breath
I'm holding back the tears - oh mamma don't die

Live Fast Die Young

Whatever happens in the club baby - stays there
I'm not gonna carry around my past
I'm just not waiting till that something's gonna happen
I'm gonna find it baby - trust me

Live fast - die young
All we are looking for is hope and glory
Cause I was born - to run
There's not a boring page in my life story

Whatever happens in my life baby - boost me
There's not a second that ill regret
I'm just so full of life and ready to explore it
And it all feels like - I'm ready to explode

I know that ever since that I was born
I was ready just to party on - Yeah

Live fast.....

We're not gonna live forever
Tonight is the night
Whatever happens babe
We are never gonna regret it

Like a little schoolboy - in my daydreams
Lighting up the candles - one by one
Freaky giant old men - coming closer
Blowing out my candles - Wake up now

We are gonna live like there is
no tomorrow

Live fast.....

Barbie Girl

Hi Barbie - Hi Ken!
Do you wanna go for a ride?
Sure Ken! Jump In...

I'm a Barbie girl, in a Barbie world
Life in plastic, it's fantastic!
You can brush my hair, undress me everywhere
Imagination, life is your creation
Come on Barbie, let's go party!

I'm a blond bimbo girl, in a fantasy world
Dress me up, make it tight, I'm your dolly

You're my doll, rock'n'roll, feel the glamour in pink,
Kiss me here, touch me there, hanky panky...

You can touch, you can play,
If you say: "I'm always yours"

Come on Barbie, let's go party!

Make me walk, make me talk, do whatever you please
I can act like a star, I can beg on my knees

Come jump in, bimbo friend, let us do it again,
Hit the town, fool around, let's go party

You can touch, you can play,
If you say: "I'm always yours"
You can touch, you can play,
If you say: "I'm always yours"

Oh, I'm having so much fun!
Well Barbie, we're just getting started
Oh, I love you Ken!

Around The World

I've been around the world, Hey, hey
I've been around the world , Hey, hey

In the kitchen where I'm cooking what is good for me
Spices from the globe
Little by little it's the finest meal
It's appetite for hope - come and see

You mix it all together in your dreams
Ingredients from the 7 seas and
I'm realizing things ain't what they seem
That's the riddle of it
That's the spirit of it
That's the power of life

I've been around the world (Round the world)
And I've seen it all (Seen it all)
I've been around the world (Round the world)
The sun will always rise and fall
I've been around the world (Round the world)
And I want you to see (Seen it all)
I've been the only girl (Round the world)
All surrounded by mystery

In the living room I'm cleaning up from top to floor
The place I love the most
The wall is covered up with all my souvenirs
I've got from coast to coast - come and see

I'm still coming around - I keep chasing dreams
Girl, I keep coming around
Hey, hey I keep coming around
And I can never stop
Girl, I keep coming around - Cause if I do I'll walk
Around around - around the world

I've been around the world (Round the world)
Hey hey (Seen it all)
I've been around the world (Round the world)
All surrounded by mystery
I've been around the world (Round the world)
And I've seen it all (Seen it all)
I've been around the world (Round the world)
The sun will always rise and fall

Round the world

Doctor Jones

Sometimes, the feeling is right
You fall in love for the first time
Heartbeat, and kisses so sweet
Summertime love in the moonlight

Ah-yippie-yi-yu
Ah-yippie-yi-yeah
Ah-yippie-yi-yu-ah

Now the summer is gone
You had to go back home
Please come and see me again
I never felt more alone

Baby, I am missing you
I want you by my side
And i hope you'll miss me too
Come back and stay
I think about you every day
I really want you too
You swept my feet right off the ground,
You're the love i found

Doctor Jones, Jones,
Calling Doctor Jones
Doctor Jones, Doctor Jones,
Get up now (wake up now)

All I think of is you, and all of the things we had
Doctor, what can I do?
Why does it have to be like that?

Please, please cure me...

Doctor Jones, Jones - (wake up now)
Doctor Jones, Jones - (wake up now)
Doctor Jones, Jones - (wake up now)
Doctor Jones, Jones
Wake up now!

Aquarius

Aquarius, was born the night
The shining stars, needed brighter shining light
Aquarius, was my savior
It came along, like a blast from out of sight

When I was weak, you came along
Enlightened me, covered the sun
You seduced me, I can never ever run

Cause I, can only lose
When I'm, Aquarius
You're the power that I need
To make it all succeed, can hear me call?

Aquarius, is the stardust
It kills the faith, and the only one I trust
It calls your name, and you listen
It steals your soul, and your hunger and your lust

For life, and being free (it's killing me, it's killing me)
Its dragging you, it's killing me (it's killing me, it's killing me)
You seduced me, I can never ever run

Cause I, can only lose
When I'm, Aquarius
You're the power that I need
To make it all succeed, can you hear me call?
Can you hear me call?

I wish the stars would turn you in,
And leave me standing in the wind
I wish the devil gave you up,
And all the snow would melt and stop

This is it, I can't run away
You're controlling my life, and I can hear me say

Cause I, can only lose
When I'm, Aquarius
You're the power that I need
To make it all succeed

Cuba Libre

Her eyes were oceans of freedom,
My mind strong like a kingdom
Nothing in this world could break our hearts
I close my eyes and believe in,
One day we'll meet when we're dreaming
That's the only place where we can hide
Climbing the hills like a lion,
We will never give up trying
No one could have forced our love apart

Libre love, libre us
Take me to the place where we can be

Cuba Libre be my love tonight
She was running down the street of solitude
Cuba Libre be my love tonight
A lonely rose was bleeding from the root
And they sang, Na, na, na, na, na, na

I close my eyes and believe in
One day we'll meet when were dreaming
That's the only place where we can hide

The music we made together,
Will always be there forever
Goodbye my love sleep tight tonight

Libre love, libre us
Take me to the place where we can be

Cuba Libre be my love tonight
She was running down the street of solitude
Cuba Libre be my love tonight
A lonely rose was bleeding from the root
And they sang, Na, na, na, na, na, na

Libre love, libre us
Take me to the place where we can be

Cuba Libre be my love tonight
She was running down the streets of solitude
And they sang...

Cuba Libre be my love tonight
A lonely rose was bleeding from the root

And they sang, Na, na, na, na, na, na

Cartoon Heroes

We are what we're supposed to be
Illusions of your fantasy
All dots and lines that speak and say
What we do is what you wish to do

We are the color symphony
We do the things you wanna see
Frame by frame, to the extreme

Our friends are so unreasonable
They do the unpredictable
All dots lines that speak and say
What we do is what you wish to do

It's all an orchestra of strings
Doin' unbelievable things
Frame by frame, to the extreme
One by one, we're makin' it fun

We are the cartoon heroes - oh-oh-oh
We are the ones who're gonna last forever
We came out of a crazy mind - oh-oh-oh
And walked out on a piece of paper

Here comes spiderman, arachnophobian
Welcome to the toon town party
Here comes superman, from never-never land
Welcome to the toon town party

We learned to run at speed of light
And to fall down from any height
It's true, but just remember that
What we do is what you just can't do

And all the worlds of craziness
A bunch of stars that's chasing us
Frame by frame, to the extreme
One by one, we're makin' it fun

You think we're so mysterious
Don't take us all too serious
Be original, and remember that
What we do is what you just can't do

What we do is what you just can't do...

There's still more to come
And everyone will be
Welcomed at the

Be A Man

The world is quiet,
Like there is no one around,
But I feel you beside me
I know the secrets,

You keep locked away inside
Don't understand why you're fighting
I know she must be special,
This new girl by your side
I seek for answers when I
Look into your eyes,
And it hurts like hell, but I will be strong

For once in your life, be a man
Just tell me the words,
'Cause I know that you can
Don't leave me with scars that
No one can heal
For once in your life, be a man

You made me love you,
Love you right from the start
You're controlling my heart, babe
Don't pack your bags yet
Give me time to say goodbye
(Say goodbye)
Just don't leave me wounded

No, I just hope you will regret
The things you do
Come back to me,
'Cause our love is the real thing
And it hurts like hell, but I will be strong...
For once in your life, be a man
Just tell me the words,
'Cause I know that you can
Don't leave me with scars that
No one can heal
For once in your life, be a man

I knew that I,
I fought to keep our love strong
If you leave me now,
You come running back for more, babe
And I hope for, and I wish for,
And I pray, that the words from
Your mouth can,
Eventually make you a man...
For once in your life,
Be a man...

When everything stops -
For a minute in your life,
I'll hope that,
For once in your life, be a man
(Be a man)
Just tell me the words,
'Cause I know that you can,
Don't leave me with scars,
That no one can heal

For once in your life - be a man
Be a man...
Tell me the words...

Once in your life...
Be a man...
Tell me the words...

My Oh My

My oh my, do you wanna say goodbye?
To have the Kingdom, baby, tell me why?
My oh my, do you wanna say goodbye?
To rule the Country, baby, you and I?
If you were my King...

My oh my, do you wanna say goodbye?
To have the Kingdom, baby, tell me why?
My oh my,do you wanna say goodbye?
To rule the Country, baby, you and I?

Little princess in a terrible mess
A kingdom alone, but no love to confess
Dreams of a prince on a tall white horse
Runs like a spirit by the castle walls

Gotta steal from the rich when they don't know I'm comin'
Gotta give to the poor, no time for lovin'
My oh my, don't you cry, 'cause there's no way I'm stayin'
I will leave, say "bye bye", I'm going my way...

If you were my King, I would be your queen...

Mystery deep in the royal heart
Crying at night, I wanna be apart
Prince, oh prince, are you really sincere?
Bet you one day you're gonna disappear

My oh my... Ohh...

MY OH MY!

If you were my King, I would be your queen...

Freaky Friday

Howdy people!
Here's a little story 'bout an old friend of mine
And to all you great folks out there
This is hardcore 10-4....

Freaky friday, things ain't going my way
Everything is gone, my life is a country song
Oh-oh

I jumped out of my bed this morning
Then I heard this crunchy sound
From my left leg that was broken
And a note was laying on the ground

Baby, I'm leaving you this minute
Took the car and the cats and dogs
Got the boots and the rhinestone stetson
Nothing's left but the note you got, ah you suck

Freaky Friday, things ain't going my way
Everything is gone, my life is a country song
Freaky Friday, go play on the highway
Everything is wrong, what the heck is going on

On my way through crosstown traffic
I was hit by a giant truck
I came late to work and got fired
Then suddenly the thunder struck
Oh-oh

Life's a country song - hardcore 10-4
What the heck is wrong - yiiii-ha
Life's a country song - hardcore 10-4
What the heck is going on •••

Everything is gone, my life is a country song
Hardcore 10-4

Well folks, that's all for now
Life is just a long long country song
And that's a big 10-4

We Belong To The Sea

Take me to the ocean blue
Let me dive right into
Anything I'll ever capture
You can wait up all night
Waiting for wrong or right
I always knew where I had you

You can lie on my waves
You can sleep in my caves

Living on the edge of peace
Knowing that water can freeze
Do you still want me to open

Come on into my waves
You can sleep in my caves
Let me know that you will hold me
Till the tides take my soul

We belong to the sea
To the waves you and me
Living in the ocean so blue
We belong to the sea
Open wide being free
A minute everlasting with you
And as soon as it stops
We'll all be a drop
Coming down on your wide open sea

Can you wash me away
Will you dry me one day
Take me to the place where I came from
If I had an open heart
Would you tear that apart
Why do I feel that you're lonesome

There's a thunder inside me
That your silence will kill
And I know that you forced me
To get rid of what I feel

Roses Are Red

Roses are red and
Violets are blue
Honey is sweet,
But not as sweet as you
Roses are red and violets are blue

Damdi dadida - Damdi dadida
Damdi dadida - Damdi dadida
Damdi dadida - Damdi dadida
Come pick my Roses!

Sweet from the flowers,
Honey from the bees
I've got a feeling, I'm ready to release
Roses are red and violets are blue
Honey is sweet, but not as sweet as you

It's invisible, but so touchable and
I can feel it on my body, so emotional
I'm on a ride, on a ride, I'm a passenger
I'm a victim of a hot love messenger

Damdi dadida - Damdi dadida
Damdi dadida - Damdi dadida
Damdi dadida - Damdi dadida
Come pick my Roses!

Come with me baby,
Please fulfill my wish
Show it to me truly,
Show me with a kiss

Roses are red and violets are blue
Honey is sweet,
But not as sweet as you
It's invisible but, so touchable
And I can feel it on my body, so emotional
I'm on a ride, on a ride, I'm a passenger
I'm a victim of a hot love messenger

Damdi dadida - Damdi dadida
Damdi dadida - The only thing he said was
Damdi dadida - Damdi dadida

Damdi dadida - Damdi dadida
Damdi dadida - The only thing he said was
Damdi dadida - Damdi dadida

Halloween

Hello? Remember me?
Who's there?
I've got your number
Oh no, no
I'm back to haunt you
No, stay away
Ha ha ha ha ha

It's Friday night
So creepy outside
It's thundering and lightning
There's nobody home
Cause I'm all alone
It's scary and it's frightening

The sound of shoes
A shadow that moves
Something odd is tic tac ticking
Someone's in here
I'm so full of fear
The telephone is ringing

Now I can see you
Oh no, please no
Now I can touch you
Oh god, please go
I am right here now
Oh please, tell me where
Ha ha ha ha
I'm in a nightmare
You better run
I'm back to haunt you down

Halloween, in the death of the night, hear me scream
I'm coming, I'm coming
Halloween, is the fear that I fight, in my dream
Keep running, keep running

Just keep running - oh, keep on running, yeah
Just keep running

Hell broke out
On this Friday night
Zombies passing deadly
My Candyman, from Bountyland
Is coming here to get me

It's squeaking and creaking
I move silent in the night, hahahahaha
Could be the boy from next-door
You'll never guess my disguise
Hahahahaha!
Kids and children fight
Pumpkin and candlelight
You might be the fearsome one at Junior High
Tonight!

Halloween, in the death of the night, hear me scream
I'm coming, I'm coming
Halloween, is the fear that I fight, in my dream
Just keep running - oh, keep on running, yeah
Just keep runningAhhhhhhh!!!!!!!

Turn Back Time

Give me time to reason,
Give me time to think it through
Passing through the season,
Where I cheated you

I will always have a cross to wear,
But the bolt reminds me I was there

So give me strength,
To face this test tonight

If only I could turn back time
If only I had said what I still hide
If only I could turn back time
I would stay for the night. For the night...

Claim your right to science
Claim your right to see the truth
Though my pangs of conscience,
Will drill a hole in you

I seen it coming like a thief in the night,
I seen it coming from the flash of your light

So give me strength,
To face this test tonight

If only I could turn back time
If only I had said what I still hide
If only I could turn back time..
I would stay

The bolt reminds me I was there
The bolt reminds me I was there

If only I could turn back time
If only I had said what I still hide
If only I could turn back time
I would stay for the night

Goodbye To The Circus

It's time to turn off the light
This has been such a beautiful night
We have served you a lot of delights
And some really wonderful sights

My friend, this is the end
So long and see you soon again
Bye bye, kissing you hi
Someday we will be back together

Goodbye to the circus
We hope you enjoyed the show
Now it's nearly at the end
But it will be back, you know

It will be back, you know
It will be back, you know

You have given us all of the best
You are beating inside our chest
Staying with us as time has gone by
Gave us hope when tide was high

My friend, this is the end
So long and see you soon again
Bye bye, kissing you hi
Someday we will be back together

Goodbye to the circus
We hope you enjoyed the show
Now it's nearly at the end
But it will be back, you know

The band played on, from dusk till dawn
And time is almost gone
The beat goes on, it's almost done
This music marathon

It will be back, you know
It will be back, you know

So
Goodbye to the circus
We hope you enjoyed the show
Now it's nearly at the end
But it will be back, you know

We will be back, you know
We will be back, you know
